

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In the application of: Gregg B. Morin et al.

Docket: 082/103c

For: CANCER THERAPY USING THE
TELOMERASE PROMOTER

**STATEMENT OF COMPLIANCE WITH SEQUENCE LISTING REQUIREMENTS
BY WAY OF
REFERENCE TO LISTING IN PARENT APPLICATION**

Commissioner for Patents
Alexandria, VA 22313

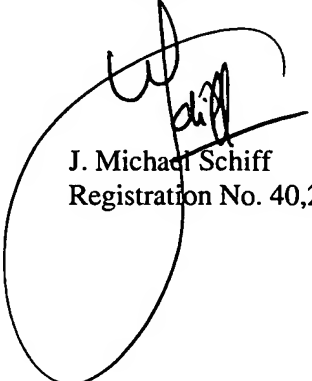

Dear Sir:

A sequence listing containing sequence data disclosed in this application was filed in parent application USSN 09/244,438 on about March 24, 2000.

Please use the computer-readable sequence listing filed in the parent application if required during examination of the present application, pursuant to 37 CFR § 1.821(e).

The paper sequence listing enclosed as part of the present application contains the same sequence data as the computer-readable listing for the parent application.

Respectfully submitted,

J. Michael Schiff
Registration No. 40,253
